ALLIGATOR

Mr. and Mrs. Kendall and their 12 year old daughter, Marisa, purchase a 10 inch long baby alligator while vacationing in Florida.

Upon their return home, the infant alligator proves to be a nuisance to Mr. Kendall who angrily flushes it down the toilet. It survives the journey through twisting pipes and emerges deep in the sewer system.

Unknown to the public, a local Chemical Factory is secretly conducting hormonal experiments on dogs and is disposing of the hormone filled corpses by dumping them into the sewers inhabited by the now growing alligator.

After twelve years of feeding on the infected dead dogs, the hormonal chemistry of the alligator is affected and he grows to become a 36 foot long giant. Following a series of harrowing experiences the alligator is forced to break out of the sewer system and smashes into the streets...
